Remarks:

^ Students are allowed to take these courses more than once, and gain the units each time they pass the course. However, students cannot take courses with the same course code more than once in a single term.

Points to Note:

1. A course code comprises four alphabets and four numerals. The first numeral of an undergraduate course stands for the level of study. The four alphabets denote the subjects and the course offering units. For instance, “**THEO**” indicates theology courses offered by Divinity School of Chung Chi College; while “**CURE**” indicates courses in cultural/religious studies offered by the Department of Cultural and Religious Studies. Students should consult the course offering units concerned for enquiries related to course registration and selection.
2. Courses listed above will be offered according to resources available in each term and year. Details of course offerings in a particular term will be announced at course registration time.
3. Students in their final year of attendance are allowed to take THEO and CURE courses at 5000 or above level, subject to the approval of the Director of Divinity School of Chung Chi College and/or the Chairperson of the Department of Cultural and Religious Studies.
4. THEO and CURE courses at 2000 and above level shall be included in the calculation of the **Major Grade Point Average** (Major GPA) for honours classification. To be considered for the award of a Bachelor's degree, a student shall have obtained a Major GPA of not less than **1.5**.

Learning Outcomes

- To acquire a wide range of knowledge about Christianity
- To develop good critical thinking and self-reflection abilities and holistic personal development
- To qualify for the credentials of leadership roles in the church, the Christian community and society

Curriculum

It normally takes three to five years for students with different academic qualifications to complete the full-time Bachelor of Divinity (BD) programme. Students who have not received a bachelor's degree prior to admission (i.e. BD-4 and BD-5 students) are required to take additional course (e.g. general education courses and philosophy courses) to gain broad exposure to different disciplines and to understand Christianity with an interdisciplinary perspective.

Type of Curriculum	Graduation Requirements (2019 Entrants)	Normative Study Period (Years)	Maximum Study Period (Years)
5-year curriculum (BD-5) • For secondary school graduates	154 units	5	7
4-year curriculum (BD-4) • For secondary school graduates with professional training not less than two years (e.g. associate degrees or higher diploma programmes)	125 units	4	6
3-year curriculum (BD-3) • For bachelor's degree holders (including Bachelor of Theology)	101 units	3	5

Full-time church or Christian organization workers, and Christians with a doctorate in other subjects, can apply for part-time study. The study periods of part-time students vary according to individual circumstances. To maximize learning experience, students are strongly encouraged to opt for full-time study whenever possible.

The University adopts a credit unit system. Generally speaking, each credit unit should be regarded as equivalent to one contact hour per week for at least 13 weeks in an academic term. BD students are required to complete 101-159 units of courses before graduation. The following is a breakdown in terms of credit units:

Comprehensive Examination

In addition to the above course requirements, all BD students are required to sit for the **comprehensive examination** in Year 4 (i.e. the **penultimate year**). The examination is held in early May every year. Before taking the examination, students are advised to complete at least four courses in Bible, three courses in Theology, two courses in History of Christianity and at least 11 courses altogether.

There are two papers for the written examination. Students may answer the questions in either Chinese or English. Paper I is a three-hour closed book examination while Paper II is a four-hour open book examination. Students who fail in the examination may take a re-sit examination, which will normally take place by the end of September of the same year. Students who fail in the re-trial should withdraw from the programme.

☞ Points to note:

Year of Attendance indicates a student’s cumulative years of attendance at the University. It depends on a student’s **year of admission** regardless of the level and the programme of study. For a student admitted in 2019-20, the year of attendance is “1” in 2019-20, “2” in 2020-21, “3” in 2021-22, etc.

Year of Study reflects the **level of study**. As shown in the table below, BD students are expected to graduate in Year 5. A BD-4 student is in Year 2 during the first year of attendance. Similarly, a BD-3 student is in Year 3 during the first year of attendance. As a general principle, lower level (or undergraduate) courses should be taken in Year 1 and 2; while higher level (or postgraduate) courses should be taken in Year 3 or above.

1. Some courses are listed in more than one area of study. However, **no course taken in a single term could be double-counted towards students' graduation requirements.** For instance, if a student takes *THEO3222 History of Christianity in Hong Kong* for partial fulfilment of Area (2), then THEO3222 will not be counted towards Area (5) nor Area (9).
2. A few courses have two course codes, e.g. THEO1212/5312 *Introduction to the New Testament*. Under this circumstance, students should register for the course codes **THEO1000-4999 instead of THEO5000 or above** (e.g. to take THEO1212 instead of THEO5312). Year 3 or above BD students should follow **postgraduate assessment standards** for all THEO courses taken regardless of the course codes registered.
3. Courses listed above will be offered according to resources available in each term and year. Details of course offerings in a particular term will be announced at course registration time.

- ▲ Students are allowed to take these courses more than once, and gain three units each time they pass the course. However, students cannot take courses with the same course code more than once in a single term.
- 1. Courses listed above will be offered according to resources available in each term and year. Details of course offerings in a particular term will be announced at course registration time.

Students should follow **postgraduate assessment standards** for all THEO courses taken regardless of the course codes registered.

I Grading System and Course Assessment

1. A student shall be assessed in every course for which s/he has registered on the basis of his/her performance in the course on the criteria as prescribed by the programme concerned.
2. Course grades, their standards and converted points used in reporting shall be as follows:

Grade	Converted Points	Standard
A	4.0	Excellent
A-	3.7	Very Good
B+	3.3	Good
B	3.0	
B-	2.7	
C+	2.3	Fair
C	2.0	
C-	1.7	
D+	1.3	Pass
D	1.0	
F	0.0	Failure

3. The grade point average of a student’s course work shall be computed by dividing the total weighted converted points for courses taken by the total number of units attempted inclusive of courses failed, where the weighted converted points are converted points multiplied by the number of units of the course concerned. “P”/“U” grades are for specified courses adopting a pass/fail grading basis where other grades are not applicable.
4. A student who has gained a grade of “D” or above or “P” in a course shall earn the unit/s of that course.
5. **Course Examinations**
 - (a) A student shall take course examinations, if prescribed by the teaching staff concerned, in the form of written, practical or oral assessment, or any combination thereof.
 - (b) A student who for medical or other compelling reasons is unable to sit for any course examination shall apply in writing with documentary evidence at the earliest possible instance but in any case not later than five working days after the examination concerned to the course teaching staff for permission for absence. In the case of illness/injury, the application shall be accompanied by a certificate signed or countersigned by the Director of the University Health Service.
 - (c) If a student’s application for absence is successful, the student may be otherwise assessed at the discretion of the programme concerned.
 - (d) A student who is absent from any examination without permission shall be given a **failure (F)** grade in that examination.

6. Late Submission and Non-submission of Assignments

- (a) Students are required to submit assignments by the deadline specified by the course teachers.
- (b) A student may apply for an extension of time to complete the assignments if there are personal circumstances which are unforeseen and unpreventable and have a serious effect on the student's ability to submit the work by the published submission deadline.
- (c) Any requests for extension must be made in writing to the Course Teacher concerned prior to the due date. Appropriate medical certification, or other relevant evidence confirming the circumstances, must be provided.
- (d) Students who fail to submit assignments will in most cases be given a zero mark for the missing component, which may in turn lead to a **failure (F)** grade in the course concerned.

II Grade Appeal Policy

1. Students who have questions in relation to the grade obtained should first contact the course teacher to discuss the grade within two weeks from the date of release of the grade in question. This will provide a chance for both parties to review the examination script, paper or any other form of student work which has been assessed, together with the relevant course assessment scheme, grade distribution guidelines, etc.
2. Students who remain dissatisfied with their grade after discussion with the course teacher may appeal against a particular grade by submitting a written application to the General Office of Divinity School of Chung Chi College within **TWO** weeks from the date of issue of the academic results for the term concerned via e-mail (programmes@theology.cuhk.edu.hk). No appeal for grade review will be accepted after the specified period.
3. Students who lodge an official grade appeal should demonstrate that:
 - the assessment was not conducted in accordance with the approved course regulations; or
 - some specified procedural irregularity has occurred and affected the grading.A complaint about the academic judgment of an Examiner or the Assessment Panel is **NOT** a valid ground for grade appeals.
4. Upon receipt of a grade appeal application, the Director of Divinity School of Chung Chi College/the Chair of the Assessment Panel will determine whether the grounds of appeal are admissible. If there are *prima facie* grounds of appeal, the Director/the Chair will nominate not less than two faculty members to form an ad hoc grievance panel to review the assignment(s) concerned and consider the grade appeal application thoroughly. The ad hoc grievance panel will then make a recommendation on grade amendment (if any) for subsequent approval by the Assessment Panel. On appeal, the grade awarded may remain unchanged or be moderated down or up.

III Academic Honesty

The Chinese University of Hong Kong places very high importance on honesty in academic work submitted by students, and adopts a policy of zero tolerance on academic dishonesty. While "academic dishonesty" is the overall name, there are several sub-categories as follows:

- (i) Plagiarism
- (ii) Undeclared multiple submissions
- (iii) Buying or selling, possibly through third parties, papers/essays/dissertations
- (iv) Violating rules 15 or 16 of the *Rules to be Observed by Candidates at Examination Centre* (Examination Rules)
- (v) Cheating in tests and examinations (including violation of rules 17 or 18 of the Examination Rules)
- (vi) Impersonation fraud in tests and examinations (including violation of rule 19 of the Examination Rules)
- (vii) All other acts of academic dishonesty

Any related offence will lead to disciplinary action including termination of studies at the University. Students should familiarise themselves with the content of the University's [website](#) and thereby help avoid any practice that would not be acceptable.

IV Plagiarism

Plagiarism is the act of using the work of others (in particular the writing of others) as one's own. In academic writing, including open-book assessment, all types of source materials, including online resources, such as websites, electronic journals or articles in an online newspaper, **MUST** be properly acknowledged. All cases of failure to acknowledge, especially where there appears to be the intention to mislead the reader about the originality, would constitute plagiarism. In general, there shall be three elements to a citation or acknowledgement:

1. Setting the relevant text apart by quotation marks, or by using a separate indented paragraph;
2. A reference to the original source;
3. A bibliography, giving the list of references.

It is important to note that just (3) alone is **NOT** enough. In other words, just listing the source in the bibliography is no defence against a charge of plagiarism. The reason is that inclusion in the bibliography only means that the item was consulted; it does not indicate that the item was copied or used verbatim.

Examples:

- A direct quote must be acknowledged:

按涂爾幹的定義，「宗教是與分別出來又禁止接觸的神聖事物有關的信念及儀軌所組成的統一體系，這些信念與儀軌把所有追隨的人結合在一個被稱為教會的道德群體之內。」¹

¹ Émile Durkheim, *The Elementary Forms of Religious Life*, trans. Karen E. Fields (New York: Free Press, 1995), 44.

- Even a paraphrase must be acknowledged:

涂爾幹強調宗教藉信念和儀軌凝聚社會群體。²

² Durkheim, *The Elementary Forms of Religious Life*, 44.

- Suppose an original source A is quoted in B, and you only read B. Then both the primary source A and the secondary source B should be cited, to indicate honestly that you have not actually read A. In so doing, you also absolve yourself of any responsibility for the accuracy of the quote by B:

The GDP of Guangdong increased at 10.2% per annum.³

³The Government of Guangdong, Guangdong Provincial Government Annual Report 2000 (Guangdong Government Press, Guangzhou, 2001), cited in A Chan, *Economic Development in China* (Chinese University Press, Hong Kong, 2003).

- The same holds for sources for which you relied on a translation, or for which the reader might have to rely on a translation. In the following example, JETP (Journal of Experimental and Theoretical Physics) is the English translation of the Russian journal *Zh. Eksp. Teor. Fiz.*

The correction involves a regularized integral.⁴

⁴Ya B Zeldovich, *Zh. Eksp. Teor. Fiz.* 39, 776 (1960) [*Sov. Phys. JETP* 12, 542 (1961)].

Teachers shall report cases of suspected academic dishonesty to the disciplinary committee concerned. The disciplinary committee concerned shall examine the case, and meet with the student if it is deemed appropriate or necessary. If the charge is established, the penalty guidelines are as follows:

- (a) For a first offence, a minimum penalty of (i) one demerit; and (ii) a mark of zero for that component of the course and (iii) completion of relevant training in academic honesty.
- (b) For a second or further offence, and for a first offence that is serious as decided by the disciplinary committee concerned, a minimum penalty of (i) two demerits (of which one will remain in the University's record permanently and one is reviewable); and (ii) a failure grade for the course concerned.

For further details, please refer to the University's guidelines on academic honesty at the URL <https://www.cuhk.edu.hk/policy/academichonesty/>.

[#] The study period of the MTheol programme may vary according to the academic qualifications attained by students prior to admission to the University.

- 3.2 Students are expected to graduate at the end of the normative study period, except for (a) students admitted with Advanced Standing; (b) students granted course and unit exemptions; and (c) students who have applied in accordance with Regulation 3.3 and obtained approval for alteration of their periods of study.

- 3.3 A student may according to the prescribed procedures and within the specified period apply with valid reasons on a prescribed form to the Academic Programmes Committee of Divinity School of Chung Chi College for approval for alteration of his/her period of study. Shortening of the normative study period should be made 18 months before the expected graduation term while extension beyond the normative study period should only be made within the specified application period before the commencement of the last year of attendance of the normative study period. No such application, however, shall normally be accepted after the commencement of a student's expected graduation term.
- 3.4 The maximum study period of all programmes shall include any periods of leave of absence and suspension of studies, but exclude any periods of compulsory military service as required by a student's nation, unless otherwise permitted by the Academic Programmes Committee of Divinity School of Chung Chi College.
- 3.5 A student who has not fulfilled all requirements for graduation beyond the maximum study period shall be discontinued from the University without receiving a degree.
- 3.6 Applications for change of study mode would be allowed only within the normative period of study. Continuing students are not allowed to change their study mode.

4.0 Course Requirements and Exemptions

- 4.1 Students shall complete the units of courses and other requirements as prescribed by the programmes as detailed in the study scheme of each programme.
- 4.2 A student with recognized post-secondary qualifications may be exempted from some courses and/or units required for graduation according to the procedure prescribed.
- 4.3 No student with such exemptions shall be allowed to graduate unless s/he shall have completed at least two-thirds of programme requirements at Divinity School of Chung Chi College.

4.4 Type of Recognised Qualifications

Recognized qualifications, either gained at other tertiary institutions or at another programme of studies previously undertaken at CUHK/DSCCC, or equivalent, may include:

- (a) courses taken in a previous degree programme, full-time or part-time, in Hong Kong or elsewhere, irrespective whether that programme was actually completed or not;
- (b) where a programme prescribes undergraduate courses, courses completed in undergraduate programmes may also be considered. However, only up to 15% of the total units required for graduation may be exempted by using undergraduate courses;
- (c) courses taken by CUHK students on approved exchange programmes.

In listing all these qualifications, it is not suggested that they shall necessarily be **recognized**, as the decision in each case will be subject to approval by Academic Programmes Committee of Divinity School of Chung Chi College on a case-by-case basis, taking into account individual circumstances.

4.5 General Principles of Course and/or Unit Exemption

- (a) It is up to students to initiate applications. Recommendations should be made by the programme concerned, to which the student belongs, to the Academic Programmes Committee of Divinity School of Chung Chi College for approval.
- (b) Students of the Bachelor of Divinity (BD) programme may be eligible to apply for exemption if they have obtained a **recognized** Bachelor of Theology degree prior to admission to the BD programme. There are two possible types of exemption:
 - **Type I: Course and Unit Exemption (Refer to the Green Column in the appended table)**
Only applicable for biblical languages and/or field education courses. It refers to exemption from **both** the course(s) **and** the corresponding unit(s). After exemption, the unit requirement for graduation will be adjusted accordingly. For instance, if six units of biblical language courses are exempted, the total number of units required for graduation will be reduced by six units. As for **Field Education courses**, students who have three [or five] years full-time work experience in church prior to admission to DSCCC are eligible to be exempted from four [or eight] units.
 - **Type II: Unit Reallocation (Refer to the Blue Column in the appended table)**
When specific courses are recognized, students may reallocate the required units under one area to other areas. For instance, if applicants have completed other recognized History of Christianity courses in other tertiary institutions, then the applicants may choose to reallocate two courses (=6 units) required under the area of History of Christianity to other areas, such as selecting one course (=3 units) under Theology and another (=3 units) under Pastoral Studies. After unit reallocation, the total number of units required for graduation will remain unchanged.

Area of Study	Number of Units Required for Graduation	Maximum Number of Units Exempted	Maximum Number of Units Reallocated
1A Biblical Language	6	6	0
1B Biblical Studies	15	0	9
2 History of Christianity	12	0	6
3 Theology	12	0	6
4 Pastoral Studies	15	0	6
5 Christianity and Society	12	0	0
6 Faculty Student Seminar	9	0	0
7 Graduate Thesis	6	0	0
8 Field Education	8	8	0
9 Electives	6	0	0
Total	101	14	27

General Regulations Governing Associate Students of DSCCC

- (c) For taught programmes, a course taken elsewhere will be recognized as equivalent to a CUHK/DSCCC course if it is comparable in scope and standard, and provides the student with sufficient knowledge to pursue higher level courses at CUHK/DSCCC for which the exempted course is a prerequisite.
- (d) For research programmes, exemption may be recommended if the student's training in another postgraduate degree programme is considered to be of sufficient standard to warrant exemption from a course or certain courses in the CUHK/DSCCC programme.
- (e) In making its evaluation, Divinity School of Chung Chi College shall take into account the status of the institution where the qualification was gained, the level and content of the course(s) under scrutiny, the grade achieved and how long ago the course was taken. Divinity School of Chung Chi College may set a test if appropriate.
- (f) Divinity School of Chung Chi College shall decide whether the student, if exempted from a course, is also exempted from the corresponding units in his/her CUHK programme of studies, or s/he will have to take another course to make up the units. The student cannot take a course for which exemption has been granted.
- (g) Courses exempted under this policy will not count in GPA calculations.

A student who fails to obtain such approval and (a) does not register for courses after the prescribed period may be required to suspend studies or considered to have withdrawn from studies at the University; or (b) register for a total unit of courses exceeding the stipulated maximum shall be required to drop an appropriate number of courses as deemed necessary.
- 5.4 A student who has failed in any required course shall retake that course or take a substitute course prescribed by the programme concerned. Students will be allowed to sit for supplementary examination for courses as specified by the programme, and shall retake the course(s) if they have failed in the supplementary examination.

In cases where the student would nevertheless receive adequate supervision on a regular basis while away from Hong Kong, or where the absence from Hong Kong is related to an academic purpose, an application should be made beforehand to the Programme Director concerned, with the endorsement of the Supervisor, to regard the student as being in residence during that period of absence.
- (d) A student may also be regarded as being in residence while away from Hong Kong if the programme of studies so approves.

- the cumulative grade point average is 1.0 or below, or
 - the student fails to have probation lifted after being put on academic probation for two consecutive terms of attendance, or
 - additional requirements laid down by Divinity School of Chung Chi College are not satisfied.
- 9.2 On the other hand, a student shall be put on academic probation if s/he has obtained a cumulative grade point average (CGPA) below 2.0 in the preceding term or upon receiving a failure grade in a thesis monitoring course unless s/he is required to discontinue from study. A student on academic probation shall be reviewed by Divinity School of Chung Chi College at the end of the term in which s/he is put on probation, at which time if s/he has obtained a CGPA of 2.0 or above or attained satisfactory progress, probation shall be lifted, otherwise probation shall continue to apply in his/her next term of attendance unless s/he is required to discontinue studies owing to unsatisfactory performance.
